

getKOLA Newsletter – November 2009

WHAT STRIDES SHOULD YOU MOVE FORWARD ON?

Did you set ideal goals for 2009? If you did, have you met some of these goals and/or still hoping for some to happen? If you achieved any of these goals at all, in any shape or form, then I say congratulations! If on the other hand you did not move anywhere near the goals; it is not the end of the world. You cannot afford now to stop hoping after or setting ideal goals. Winners never quit, and quitters never win!

From those things that have worked for you in 2009, determine which ones are worth pressing on with. Do not be discouraged about the fact that the year is drawing to a close. Employ prayerful effort, which even if it does not translate to results in 2009, may just happen in 2010. Will that be too late? I think it may be better late than never with a lot of things.

In addition, you must consider those things that you ought to disregard or discontinue? Do not entertain sentiments, and don't allow them to rule your thoughts and action! If their time has expired, then move on quickly.

Now you can begin to dream into 2010, in line with your established purpose. By the way do you know what your destiny or purpose is? What is your life's dream? There are various books in the market which can assist you. One of these is titled 'Dream and Achieve'; and yes, I wrote it. Determine to read at least one of such books before the end of the year. Whilst you are reading, be interested in practising the principles that are taught.

Get the desired results for 2010 and beyond. Begin now to plan and work towards it.

May the Author of life, bless your life until your destiny is fulfilled.
